

## **Chamber to Host TNTrade Overview**

An overview meeting for local companies interested in applying for the TNTrade Program will be held Thursday, Jan. 12, from 9 a.m. to 10 a.m. at the Greater Memphis Chamber, 22 N. Front St.

Bill Hagerty, commissioner of the Tennessee Department of Economic and Community Development, announced in December the kickoff of TNTrade, a statewide initiative created to increase exports by Tennessee's small businesses.

The two key aspects of the program are an April medical device trade mission to China and South Korea, and the Market Access Program, which will provide reimbursement for export-related costs. The meeting will be hosted by the Greater Memphis Chamber, in partnership with the state's Economic and Community Development Department, U.S. Commercial Services, Bartlett Area Chamber of Commerce and Memphis Bioworks Foundation.
